Millmoor Matters

Millmoor Matters will be written by varying members of the Rotherham United Staff over the coming weeks. This week's feature is by Barrie Claxton.

The trip home on Saturday night following the Bournemouth game was one of the worst I can remember, the result was most disappointing and I felt sorry for our supporters who had travelled all that way at some expense.

One point and no goals in our first three games is not good enough, however everyone at Millmoor has been working hard to obtain the best result today against Bolton.

There is a long way to go yet, but come the end of the season we no not want to be discussing "What might have been" it is just as important to obtain points at this stage as any other stage of the season, and this will be our aim.

On a brighter note our result in the Milk Cup against Darlington was encouraging. Our next tie is against Stoke City and we will be looking for the success of last season's performances in this competition, to win games at any level helps confidence and overall team ability.

On the injury scene, there is a great improvement, our squad of twenty pro's has been depleted by the absence of injured players, however I am pleased to report the progress of Terry Donovan who has had a long haul back to fitness, his knee is now sound and he is taking part in full time training and having games in our second team. He needs a little more time to gain his confidence and I am sure you would like to wish him all the very best.

Kevin Kilmore has made a good recovery from his operation in the Summer and will be challenging for a first team place.

Phil Walker's injury was more serious than some people thought and has caused some concern, but at the time of writing it is expected he will be having a game in the second team in the very near future.

John Durham had a knee operation in the summer, this is the second operation on this knee and the lad has done very well to come back and play, as he is doing in our second team, best of luck 'John'.

We all at Rotherham welcome your valid support.

Best Wishes,
Barrie Claxton.

Chairmans Chatter

Ladies and Gentlemen,

It is with great sadness that I put pen to paper this week, but for two very different reasons.

Firstly it is with deep regret that I have to tell you about the death of a young lad who was a fanatical Rotherham United supporter. John Downey was only 15 years old when he died last week from leukaemia. Both John's parents died about three years ago. I had known him for 7 years, and a nicer lad you couldn't wish to meet. His polite, well mannered temperament was a credit to him. About 6 months ago it was learned he only had a short time to live, and from that moment on all the stops were pulled out to make his final days as happy as possible. He came to the home matches as a guest of the Club, and when he was well enough he trained with the players. On several occasions he was treated in hospital where he was frequently visited by myself, George Kerr and the players. We were all deeply upset when we learned that John had died just a few hours before several of the players were due to visit him in hospital.

Secondly, the most despicable story I have heard for a long time, which has tarnished the image of Rotherham United Football Club in the eyes of four Lincoln City supporters.

A couple from Lincoln brought their 15 year old daughter and her boyfriend to Millmoor to support their team in the opening match of the season. They deliberately refrained from wearing Lincoln City colours, and they sat in the visitors part of the Millmoor Lane stand. They left a few minutes early to try and avoid the possibility of trouble. From this point I can do no better than quote to you part of a letter received from the lady concerned.

"As we left we were spotted by two young lads leaning on the wall in the snicket (Millmoor Lane). By the time we reached the main road there were 15 to 20 youths literally on 'our heels'. We were being kicked in the back of the knees; being spat on and verbally abused. Suddenly one of them struck my daughter in the back. She turned to see who would possibly hit a 15 year old girl, and the youth spat in her face. By now we were caught in the 'horseshoe' shape of approximately 50 to 60 youths, jeering and pushing. My husband tried to pull the kids free and he was pushed to the ground and kicked and spat on. Even though several people saw what was happening no one came to our assistance. I shall never forget the horror of that Saturday and our first brush with violence this season".

Absolutely sickening isn't it? I know we want as many people through the turnstiles as possible, but these are the type we can manage without. The youths concerned, apart from being thugs and bullies, must be mentally sick. Rotherham United Football Club does not want the so called support of these louts and I will do my best to rid the Club of them.

As a gesture of goodwill I intend to invite the lady and her family to Millmoor as guests of the Club the next time we entertain Lincoln City.

For your part, how about naming the thugs concerned?

Finally, despite the pre-season assistance of the Rotherham Advertiser and the two requests in the programme for you to write to me on the set-up here at Millmoor or about future intentions, I haven't had a single letter on the subject. I thought Rotherham United fans were amongst the most quizzical and critical of any in the country. Come on, let's have a response, please. Address your letters to me personally, i.e. Syd Wood, Rotherham United Football Club, Millmoor, Rotherham. Replies will be printed in the programme.

Reserves & Juniors

Juniors v Leeds Away

Our second successive away game took us to Leeds, last season's Intermediate League Cup winners. The first twenty minutes saw us create three good chances which were wasted. Leeds then opened the scoring from a corner which was poorly defended by us. The rest of the half was hard fought, with Leeds increasing their lead before the interval to 2-0. In the second half with a freshening wind at our backs we applied all the pressure, but again failed to take our chances.

Leeds then increased their lead against the run of play. A fine individual goal by our best player of the day, Kevin Eley, brought us back to 3-1 but within two minutes Leeds made it four after a mess up in our defence. We then lost all our discipline chasing the game, and ended up being well beaten 5-1. Yet again conceding five goals, as was the case at Sheffield Wednesday in our first game, and our young players know that if you don't take your chances and then give away silly goals, you end up being very disappointed with a lot of hard work still to be done.

TEAM: Naylor, Ash, Rimmington, Phillips, Green, Warburton, McInnes, Eley, Morris, Pepper, Duce. (Dolby, Ransford).

Central League v Preston

Our first Central League game at home this season saw the debut of local amateur goalkeeper, Peter Copley in place of Alan Stevenson, who has joined Hartlepool United on loan. The first half started brightly for us with good chances which we failed to take. While we continued to press forward, our defenders showed their inexperience again conceding goals in quick succession (as was the case at Bolton the previous week), giving Peter Copley little cover. The second half was all one way traffic, but we could only pull the one goal back through John Durham.

A disappointing result when having had so much of the play. Plus factors on the night were Terry Donovan looking more like his old self and Bob Mitchell coming through his first game of the season after injury.

TEAM: Copley, Emmerson, Mitchell, O'Dell, Ransford, Warburton, Raynes, Eley, Donovan, Durham, Kilmore.
SUB: Morris (Ransford 89 minutes).

There are a variety of services which require a change of stations at Manchester.

From the Press Box

After the comfortable Milk Cup victory over Darlington it was a very disappointing result at Bournemouth.

Throughout the first half the Millers had looked as if they had the game well in their control and the only ingredient that was missing was a goal or two. The first few minutes of the second period saw nothing to foresee the change that was about to take over the proceedings. As in the first half, an early opportunity to take the lead was spurred and Rotherham were soon made to pay for this as the much travelled Rafferty put the home side into the lead and after this they never looked likely to be caught.

So with Millmoor followers still waiting to see their team score their first league goal, the season that looked so full of optimism has got off to a most unwanted start. The run in to last season and the pre-season performances had everyone looking forward to the new campaign with eager anticipation but unfortunately that hope has been well and truly delayed for the time being but there's still a long, long way ahead and I'm sure we shall find that the start has only been a temporary stutter.

At this stage of the season the league tables are soon turned upside down and a win today against Bolton Wanderers and another next Tuesday against Brentford should steady the boat.

All it needs is the ball putting in the back of the net - sounds simple doesn't it?

GERRY FORREST

If they formed a Gerry Forrest appreciation society, the queue to join would stretch from Millmoor to the town centre - and that would be the supporters of other clubs! In any case, you take it for granted that all Millers fans are members anyway. That's how highly rated Gerry is.

As he notches up his 300th league appearance Gerry can rest assure that he long ago earned an affectionate place in the hearts of the Millmoor faithful.

To unearth rich talent from the backwaters of non-league soccer and then see it mature and develop into an accomplished player in the Football League is a cause for great satisfaction.

That has been the case for Gerry and the manager who bought him, Jim McGuigan.

Since that day seven years ago, his skill, his touch, his sheer delight in attacking the opposition with those long, sinewy runs has delighted Millmoor crowds - and brought admiration on opposition grounds too.

Of course, many Rotherham fans will always wonder why Gerry has never been snapped up to play in the First Division and how he would fare there.

How close he came to getting into the top flight, will never be known. Certainly his skills would have been at home there.

Millers fans will be happy that he has stayed, will hope to long admire one of the best attacking full backs in the game and say "Here's to the next 300".

Welcome back to the Canon League.

The 1984/85 season is the second season in Canon's three year Sponsorship of the Football League programme.

Canon's outstanding success in the high technology industry of cameras and business machines has enabled them to support our national game by over £3 million through the Canon League Sponsorship programme.

The Sponsorship Funds will be utilised to help football clubs keep admission prices down, encourage exciting attacking football with monthly and seasonal goalscoring awards, provide recognition to those clubs doing most to promote family attendances at Canon League matches and to reward individuals within football with Loyalty awards.

In the first Canon League 1983/84 season, the beautiful Trophies above – specially created by Garrard, the Crown Jewellers – were won by Liverpool, Chelsea, Oxford Utd., and York City. This season, all 92 League clubs will compete for these most prestigious trophies in the toughest football competition in the world – The Canon League.
